WHAT IS A WALKING SCHOOL BUS?

It's an organised group of children who walk to and from school, along a designated route, under the supervision of adult volunteers. Children are 'picked up' and 'dropped off' at specific Walking School Bus (WSB) 'bus stops'.

WSBs reduce the number of cars on the road, making our environment safer and cleaner, and they provide exercise for kids in a fun and social way. In Auckland alone, there are more than 350 active WSBs, with over 4,000 children walking to school.

In 2001, Gladstone Primary School began the first WSB in New Zealand!

Gladstone currently has four WSBs:

- **Mountain Millipede** (Mt Albert Road) is named for its participants who live on and around the mountain.
- **Rocket** (Rossgrove Terrace) travels to near the iconic Rocket Park.
- **Super Sprout** (Asquith Avenue) passes by the former Sprout Café.
- **Zippy** (Woodward Road) is named after a zebra, and comes from a zebra crossing being a safe place to cross the road.

WSBs are operated by volunteer parents and caregivers, and supported by the school and Auckland Transport. WSBs can only operate if there is parent support, as an adult to child ratio of at least 1:8 must be maintained at all times.

WHY USE A WSB?

It's great for kids!

- Children enjoy meeting up and talking to their friends.
- They gain a sense of independence.
- Friendships develop across different age groups.
- They learn about road safety from a pedestrian's perspective.
- They develop a positive attitude towards walking.
- Improve their overall health and decrease obesity levels.
- Daily exercise can aid academic achievements, as it helps improve concentration, memory and learning.
- Kids just love the fun, organised activities and resources, such as the merit tags.

And there are so many reasons for parents to be involved too!

- Enjoy extra free time when you do not have to drop off or pick up your children every day.
- Get to know the families in your neighbourhood.
- Save on fuel costs.
- Learn new skills from the optional workshops provided, such as regular First Aid courses. All workshops have certificates that are suitable for a CV.
- Have the satisfaction of knowing that you are helping your child, other children, and the school.
- Take advantage of the routine exercise walking to school provides.

HOW THE WSBs OPERATE

- All buses run daily, morning and afternoon, rain or shine, unless advised otherwise by the WSB Coordinator.
- WSBs run with an adult to child ratio of at least one adult to eight children (1:8). The adult drivers walk at the front and rear of the bus. Children must walk in between these drivers. Additional adults are welcome to walk with the bus at any time and may walk in the middle of the group.
- Drivers are provided with hi-visibility vests that clearly identify them as WSB Drivers. These vests must be worn at all times while 'driving' the WSB.
- Drivers are responsible for ensuring the children stay together in a group, walk and cross safely, and behave well, between school and their bus stop.
- WSB Route Coordinators issue a roster of parent drivers. If a driver is unable to do their rostered walk, they must arrange for the backup driver to walk instead.
- If a child is injured while on the WSB, the bus will stop and the drivers will assess the child's condition. Should the child be unable to continue with the bus, the child's parent and the school will be contacted for further advice. Under no circumstances will an injured child be left unattended.
- Children who are in Years 4, 5 & 6 are allowed to walk independently to and from bus stops. Children who are in Years 0, 1, 2 & 3 must be supervised by an adult until the bus arrives, and met by an adult at the bus stop on the return journey, unless they are accompanied by an older sibling who is in Years 4, 5, 6 or above.
- If children are walking independently to and from bus stops, they remain your responsibility. All children walking independently require a sticker on their WSB ID tag, indicating to drivers that you are allowing them to walk independently.
- If a child misses their bus at their stop in the morning and a parent is not with them, they may walk quickly and join the bus provided the bus is still visible and they do not have to cross a road. Otherwise the child should return home.

- If a parent or guardian fails to meet their child as arranged at the bus stop on the home journey, then the child will continue on the bus to the end of the route. The driver will then try to contact the child's parent. If the parent cannot be contacted the child will be taken to the school's OSCAR programme.

HOW TO JOIN THE WSB

- Complete the *WSB Consent Form* and *WSB Pledge* and return to the school office. Children cannot join the WSB until these documents have been received.
- Children will be issued with:
 - *Gladstone WSB ID Tag*, which enables the child to be readily identified as a WSB member. This tag should be filled in with parent or guardian contact details and should be attached to the outside of the child's school bag.
 - *WSB Bag Tag and Ticket*, which is clipped by the driver each time the child walks on the WSB. This enables the number of walks completed to be tracked and merit awards given. Merit tags are then clipped onto the bag tag as collected.
- The WSB Parent Coordinator for your route will be in touch and you will be added to the roster. If all parents volunteer to walk at least once per week, our WSBs will continue to run smoothly 😊
- Parent volunteers will be issued with:
 - *Driver Hi-Visibility Vest*
 - *Ticket Clipper*
 - *Mini First Aid Kit*
 - *Road Safety Information*
